## 3. ROAD TEST INFO:

Students who have successfully completed the Driver's Ed Course, hold a Tennessee Learner's Permit, and are 15 years of age (or older) may be administered the \*Tennessee State Road Test (driving portion of the driver's license test) by Pitner Driving School. Students desiring to take the <u>Pitner administered state road test</u> are required to take an additional 1 hour of driving time instruction at the additional cost of \$60. After the 6 hours of driving instruction, the instructor will notify the student if they possess the necessary skills to pass the road test. The parent may then schedule the road test with Pitner Driving School. Passing the road test is not guaranteed. Be advised that the Department of Traffic Safety (DOTS) may randomly select applicants with road waivers to retest at the patrol station.

\*PLEASE NOTE THAT THE TENNESSEE STATE ROAD TEST MAY BE TAKEN BY APPOINTMENT AT NO CHARGE AT THE TENNESSEE HIGHWAY PATROL STATION.

- 4. PERMIT TEST INFO: If a student resides in Tennessee and has no learner's permit, then Pitner Driving School will administer the written test for the permit at no additional charge. The student must score an 80% or better to qualify for the written waiver. The student is still required to show proper identification and to take the vision test at a highway patrol station. The DOTS may randomly select applicants with written waivers to retest at the patrol station.
- 5. Upon successful completion of the course, students will be issued a **Driver Education Certificate** for a possible insurance discount along with a **Grade Evaluation Sheet** so that parents will better understand the student's driving strengths and weaknesses.
